PRICE TWO CENTS.

ORGANIZATION IS BEING COMPLETED

Maintenance Department of Local Highway District to Begin Repairs About April 1.

APPOINTMENTS TO BE MADE

State Will Take Over Control of Main Market Highways First Of the Coming Month.

The actual work of repairing the main market highways in this part of the state under the supervision of W. K. O'Neill, engineer of maintenance, of the Seymour district, is expected to begin shortly after April 1. Little repairing will be done before that date as the state highway commission does not take over control of the roads before that time, and about twenty days more will be required to complete the new organization. While the highway commission has practically decided upon the main market highways of official designation has not been made throughout the district. In this locality, however, final decision has been practically made and there will likely be no changes in the list announced several weeks ago by the commission.

An organization of about fifty men will be formed in the Seymour district by the maintenance engineer and a large number of applications for positions have been received at the local office. Mr. O'Neill stated today that he had not made complete recommendations as to all the places and it would be a week or so before the organization is completed. Mr. O'Neill has made it quite plain that only men with actual knowledge in road repair work will be considered for the various positions.

Five superintendents will be appointed in the Seymour district to supervise the work in the five subdivisions. Under these will work a number of patrolmen who will have control of about twelve miles of roads. Several helpers will also work under each patrolman. The appointments for the various places in the Seymour district will be made upon recommendation of Mr. O'Neill. The actual appointment comes from the state highway commission, however. For this reason several days will be required before recommendations already filed are acted upon and returned here.

The maintenance department will have charge of all main market highways, improved or unimproved. There are about six hundred miles of such roads in this district. Mr. O'Neill's department will operate about ten motor trucks out of this city. These will be brought here as soon as he can find storage space for them.

B. R. McBride, engineer of construction in the Seymour district, is giving attention now to roads which are under contract and are partly completed. The High street road and the Jonesville road are both paved for a short distance and will be completed this summer. The work, however, cannot be resumed until after the weather is more settled and all danger of freezing temperature is over. Whether or not additional contracts will be awarded in this district this summer is conjectural, depending very largely upon the funds available.

CENSUS FIGURES.

Increases Shown at Muncie and Anderson.

By United Press
Washington, March 5.—The census bureau today announced the following population figures for Muncie, Ind., 36,524; Anderson, 29,767. This is an increase of 12,519 for Muncie and 7,291 for Anderson since 1910.

LOCAL TEAM TAKES FIRST GAME, 30-12

High School Basketball Quintet Defeats Loogootee in District Tournament at Bedford.

NEXT GAME AT 8:30 TONIGHT

Local Basketeers Enter Sectional Clash in Fine Form—Big Crowd Witnesses Contest.

(Special to The Seymour Republican)
Bedford, Ind., March 5.—The Seymour high school basketball quintet easily defeated the Loogootee five, 30 to 12, in the first game of the sectional tournament which opened here this morning. The Seymour boys played in splendid form and had no trouble whatever in keeping a safe lead over their opponents. The Seymour team has four games ahead of it yet, and when the margin of scoring became large enough to prevent Loogootee from overcoming it, Seymour eased up in its playing and thus saved the strength and energy of the players for the remaining game.

Keach of Seymour made seven of the fourteen field goals for his team and threw two foul goals. Banta threw four baskets from the floor and Niehaus had three goals to his credit.

The lineup for the first game of the series follows:

Seymour	Loogootee
Keach, f.	C. Patterson, f.
Banta, f.	Pate, f.
Niehaus, c.	Brown, c.
Steinwedel, g.	Summers, g.
Brackmeyer, g.	L. Patterson, g.

Summary: Seymour: Field goals—Keach, 7; Banta, 4; Niehaus, 3. Foul goals—Keach 2. Loogootee: Field goals, Brown, 2; Summers, 1; L. Patterson, 3.

Substitutions: Loogootee—Berkett for C. Patterson.

Followers of the game who are here to witness the contest pick Seymour and Bedford as the teams which will figure in the finals. In many ways Seymour is regarded as having the strongest team at the tournament and is picked by many as the winner of the contest. Bedford, however, has but four games to play while Seymour has five, which in a two days' contest is a decided advantage. Comparative scores would indicate that Seymour will win the sectional tournament, but the "fans" know that "dope sheets" are uncertain and frequently cannot be relied upon to indicate winners in elimination contests.

Besides the players who took part in the first game of the series, Deal, center, Smith and Lewis, substitutes, made the trip to Bedford. It is believed that all of them will have a chance to play before the series is completed.

The next game for Seymour will be with Williams at 8:30 o'clock tonight. The Williams five defeated the Heltonville quintet by one point in the second game of the series, the score being 20 to 19.

Basketball Scores.

The results of the games played in the sectional basketball tournament at Bedford today follow:

Seymour, 30—Loogootee, 12.
Heltonville, 19—Williams, 20.
Oolitic, 29—Mitchell, 15.
Cortland, 12—Bedford, 50.
Paoli, 54—Crothersville, 5.

POLICE BARRACKS BLOWN UP BY THE SINN FEINERS

EXEMPTION LAW OF INTEREST TO MANY

Act Concerns Tax Payment by Certain Veterans of the Mexican and Civil Wars.

BENEFIT FOR WIDOWS ALSO

Veterans, However, Must Be Seventy Years or More and Widows Sixty Years Old to Profit.

Not many people in this county are aware that the Indiana legislature of 1919 passed a law which provides that veterans of the Mexican and Civil wars who are seventy years old or more and widows of veterans of those wars who are sixty years and over, are allowed exemption on property to the amount of \$1,000. F. W. Wesner, a local attorney, had a number of inquiries concerning such a law, and looked up the provision. He is of the opinion that a number of people who come within its scope will not be required to pay taxes this year. The law provides that the exemption shall not be granted to any veteran of such wars or to any veteran's widow if such individual owns property which is assessed at \$5,000 or more.

A number of veterans and veteran's widows living here do not own property which would be appraised for much more than \$1,000. It is believed that in such cases no taxes would be collected. This law is entirely different from the mortgage exemption measure.

Because of the number of people who will be benefitted by the measure the law which is found on page 586, Acts of 1919, it is reprinted in full.

"Section 1.—That any soldier or sailor who served three (3) months or more in the armies or navies of the United States during the Civil or Mexican Wars, as evidenced by a pension certificate, and who shall have reached the age of seventy (70) years or more; or the widow of any such soldier or sailor, as evidenced by a pension certificate, who shall have reached the age of sixty (60) years or more, may have the amount of one thousand dollars (\$1,000) deducted from the assessed valuation of his or her taxable property upon the first day of April of each year, wherein the amount of taxables as shown by the duplicate does not exceed \$5,000, and the balance remaining after such deduction shall have been made, shall constitute the basis for the assessment and taxation of the property of the soldier, sailor or widow herein mentioned.

"Section 2.—Any person desiring to avail himself or herself of the provisions of this act shall, between the first day of March and the first day of May inclusive of each year, file with the auditor of the county, wherein he or she is a resident, a sworn statement of his or her age and place of residence, and as further evidence of identification, submit for the auditors inspection his or her pension certificate."

SOUTHEASTERN PASSENGER STATION TO BE REOPENED

M. J. Carpenter, President of Company, and Officials Are Here on Inspection Trip.

M. J. Carpenter, president of the Southeastern Railroad, and other officials of the company were here early today on an inspection trip. It is understood that the passenger depot which has been closed since the roads went under federal control, is to be reopened in a short time. O. L. Moore was agent here when the consolidation was effected and was transferred to Chicago. It is not known who will be the agent when the depot is reopened, but it is likely that Mr. Moore will be returned here. With Mr. Carpenter were W. F. Peter, general solicitor of the company, C. E. Hair, O. S. Jackson and E. H. Pfafflin. Mr. Peter is the son of Mr. and Mrs. W. F. Peter, Sr., North Chestnut street and has been with the railroad for a number of years.

The company has announced a reorganization effective March 1 as follows:

M. J. Carpenter, president; F. O. Wetmore vice-president; J. C. Hutchins, general counsel; W. F. Peter, general solicitor; F. J. Lawlor, treasurer; Wm. Rockwell, auditor; F. H. Jeffrey, assistant auditor; O. S. Jackson, general superintendent; C. E. Hair, assistant general superintendent; F. H. Van Etten, superintendent of telegraph; H. Knowles, superintendent of car service; J. T. Averitt, traffic manager; J. E. Windsor, coal traffic manager; E. H. Pfafflin, chief engineer; G. J. Schopert, purchasing agent.

BOLSHEVIST ATTACK ON POLAND IS THREATENED

State Department Agent Urges Release of Food to Poland, Armenia and Austria.

By United Press
Washington, March 5.—A Bolshevik attack and invasion of Poland is imminent, according to government advisers. William Cassel, a state department agent, told the house rules committee today in urging food released by the United States grain corporation for Poland, Armenia and Austria.

"Apparently, the bolsheviks successful on all other fronts, are about to concentrate against Poland," said Cassel. "The Poles have shown wonderful patriotism, but without aid they cannot hold out much longer. They have been on the verge of signing peace with the Bolsheviks several times."

Cassel read the state department report, showing the Bolsheviks are causing a plague of typhus in Poland and which unless soon checked, he said, will threaten the world with the greatest plague in history. The Bolsheviks are loading their typhus victims in armored cars taking them to the border and forcing the Poles to accept them.

DEFINITE MOVE TO END TREATY TALK

Motion to Recommit Document to Foreign Relations Committee May Be Made Tomorrow.

DISCUSSION OF ARTICLE 10

Lodge Angered by Refusal of Democrats to Stand By Bi-Partisan Agreement.

By United Press
Washington, March 5.—A definite move to end debate on the peace treaty is expected to be made in the senate tomorrow, it was indicated by senators today.

It may be a motion to recommit the treaty to the foreign relations committee, thus getting it out of the senate or to bring up article 10 at once and thus come quickly to the core of the whole matter.

The consideration of reservations went on today. Senator Lodge angered by the refusal of Democrats to stand by the work of the recent bipartisan conference, has announced he will offer no more amendments to the Lodge reservations. At the same time Democrats are awaiting word from the White House relative to a proposed compromise on article ten prepared by Senator Kellogg and sent to the White House with the request that the President pass on it. There is little hope among senators that Wilson will accept it.

Senator Hitchcock, Democratic leader, his written President Wilson asking him to receive Senator Simmons, as an emissary from Democratic senators who want to compromise on article 10 of the treaty, it was learned today.

FORCE OF BLIZZARD SPENT

Cold Weather Follows Storm in Mid Western States.

By United Press
Chicago, March 5.—The force of the blizzard, which tied up traffic and hampered communication throughout the midwest, evidently had been spent today.

Cold weather followed the storm. Chicago experienced a drop in temperature of thirty degrees in 24 hours. Below zero weather prevailed throughout the west.

Trains were running hours late, because of the deep snow. Street cars were tied up in many cities.

The heavy snow was welcomed, however, throughout the wheat growing region as the moisture was needed.

Opposition for Taggart.

By United Press
Indianapolis, March 5.—Thomas Taggart will have opposition in his race for the democratic senatorial nomination. Petitions were on file in the office of secretary of state today to place the name of Fred L. Feick, of Garrett, on the primary ballot. Feick has been active in democratic politics for years, but the party leaders were surprised inasmuch as they had expected no opposition to Taggart.

GERMAN POSITION HELD FAVORABLE

French Government Opposed to Economic Policy of Lloyd George and Nitti.

INDUSTRIAL ADVANTAGES

French Factories Destroyed While German Industries are Ready to Resume Operation.

(By Henry Wood United Press Staff Correspondent).

Paris, March 5.—The French government takes the position that the European economical policy as agreed by Premiers Lloyd George and Nitti will lead to the rehabilitation of Germany's industries more quickly than France's according to an authoritative statement today.

The government's position may be outlined as follows:

Germany's industries were little affected by the war, because German territory was not invaded extensively. Hence, German manufacturers face a much easier problem than do the French, for, the French assert, France's greatest industrial cities were laid waste and her factories wrecked with typical teuton thoroughness.

Should the proposed economic policy be put in effect a rapid rise in the value of the German mark is sure to follow, because German industry will come rapidly back toward normal. The French franc, on the other hand, cannot increase in value until France has rebuilt her devastated areas and has her factories again in operation.

As to Russia, the French feel that the policy of the allied premiers show a lack of knowledge of the real situation. Before Russian commerce with outside nations can be developed to any extent, the French hold, Russian railways must be rebuilt. This, the French assert, will require at least one billion francs in six months time.

And further the French do not believe that Russia has extensive stocks of cereals and raw materials to supply to other countries. Russia, they point out, has not definitely promised that she can supply food stocks in any quantity.

The soviets, they point out, have emphasized that Russia needs manufactured goods, particularly farm machinery and that they stand ready to pay for these products in gold and precious stones, not in food stocks.

If the allies conclude peace with the soviet governments and prepare for full resumption of trade relations they declared, France, Italy and Great Britain will find themselves with another big consumer on their hands, while that consumer will not be able immediately, at least, to supply those goods which the allies most need.

Public and press joined with the officialdom in condemning the allied plan. The newspapers saw in it a dangerous tendency to deal with Europe as a whole, instead of letting the vanquished pay the price of what the French consider their folly in starting war.

The allied policy as interpreted by the French, is to make Russia the granary of Europe and Germany her workshop. To do this, the French understand, Lloyd George and Nitti plan to make peace with Russia and give her financial and economic aid and extend loans and credits to Germany. This they believe is "playing into the enemy's hands."

The French assert it would be much better to trust to the United States to supply necessary materials.

BURNING MONEY.

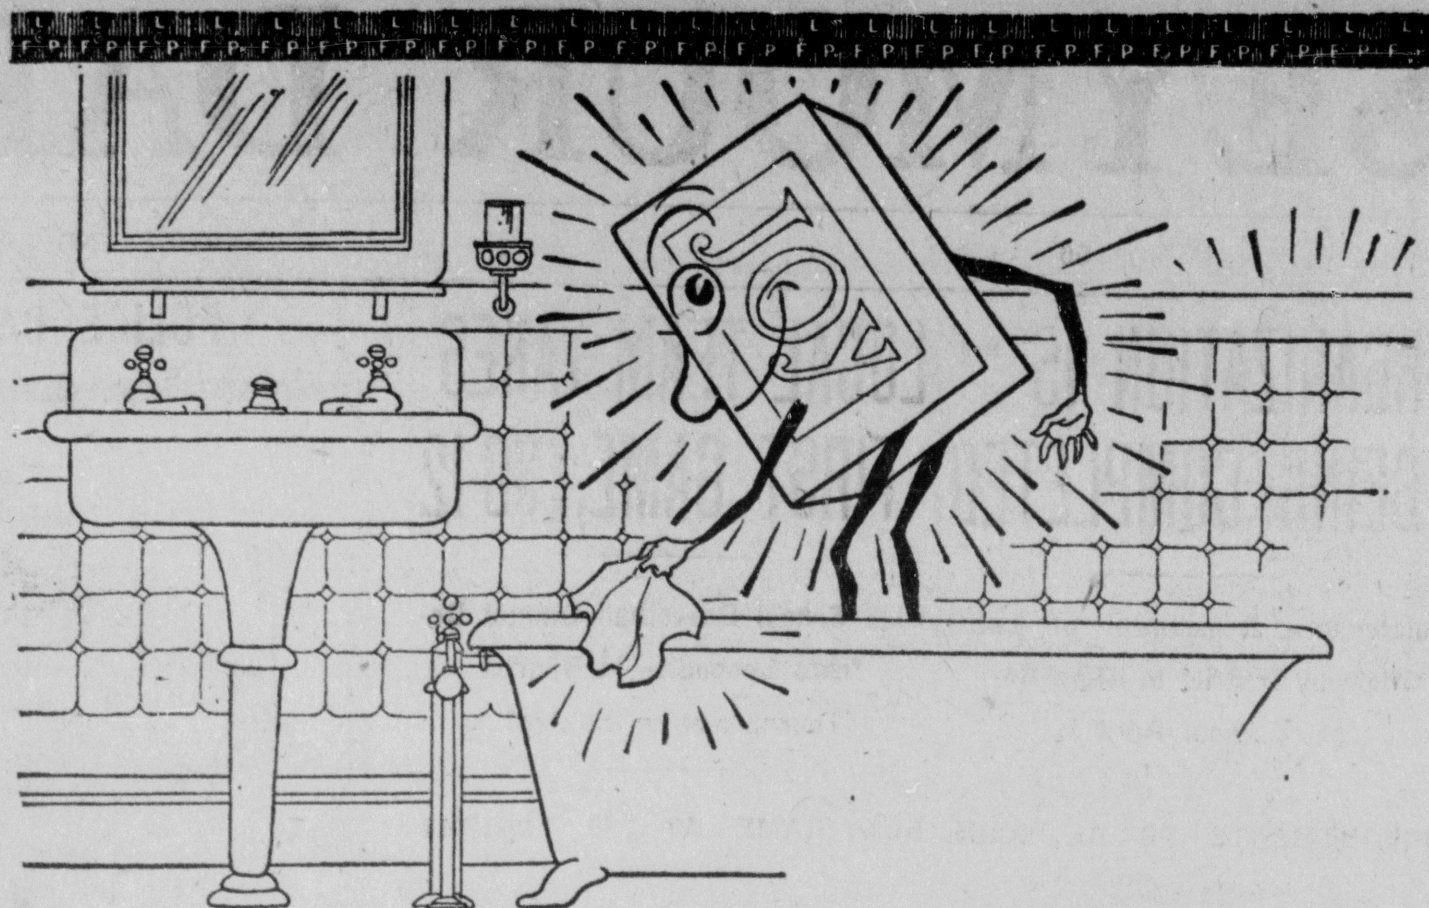

Very few people would knowingly burn a dollar bill, yet many are practically doing this every day or so. They are not destroying the currency itself, but they are carrying to the ash heap pounds of old newspapers and magazines which may be sold at a high figure. By burning waste paper people not only lose its monetary value, but they are practicing waste of a material of which there is a serious shortage.

Nearly every household has a collection of old newspapers and magazines. It does not require many of these to make a bundle weighing a hundred pounds. Old newspaper may be sold at about 40 cents a hundred while magazines which are printed on heavier paper are worth more. There are a number of buyers of paper and magazines in this city who will call at the home and pay cash for any quantity.

In some cities paper week has been observed and children and adults have turned waste paper into money. The paper collected in this way finds its way back to the paper mills and each hundred pounds thus collected helps to relieve the short to that extent. During the war many people saved waste paper and profited by it. The money was invested in War Saving Stamps or even bonds. When the restrictions were removed, however, many householders went back to the old practices of waste. During the winter money many pounds of paper have collected in attics and basements. During the housecleaning season some of this will be burned. It can be converted into cash. The average householder will be surprised at the amount of money which has been carelessly dumped into the corner of his basement waiting an opportune time to destroy it.

SCHOOLS AND THE COMMUNITY.

The public schools are recognized as a potent force in community life. Many community ideals have their origin in the school room. Back of these ideals stand the teacher. The instructors should be the most capable and competent people that can be found for they come in personal touch with the pupils and guide hundreds of young lives. The instruction that is given a young child is

BELL Cleaning Works

remembered throughout life. The teacher molds character as well as instructs.

While the public has long recognized the important place held by the schools it has been negligent in providing the best schools possible. Economy rather than quality has been the watchword in many communities, and officials have pointed with pride to the low school levy. Frequently such a policy has resulted in inferior schools and the pupils have been sent out into the world handicapped in dealing with life's problems because their early education was not well founded.

Next week will be observed in Indiana as "Teachers' Week." The purpose of the observance is to interest young people in the teaching profession. Many schools are closed today because a sufficient number of teachers cannot be found. Thousands of others cannot meet the requirements of the educational authorities, but they accepted the places as a duty to the public that the schools might be continued until other teachers are found. The purpose of Teachers' Week is to emphasize the important work of the instructor and to arouse interest in the schools so that better buildings will be provided and the salaries of the teachers will be increased to the point where competent people will feel justified in spending money for training and in remaining in the work because they will know that they have opportunity for advancement.

A Hoosier Club of 125 members has been formed by the girls from Indiana attending the Western College for Women at Oxford, Ohio. The state's representative at the Ohioan college forms a large percentage of the student body this particular community contributing its share.

Under Miss Catherine Crebs, of Frankfort, the club was organized, recently. A party was given in the Western College Gymnasium, for the members of the faculty, at which Kathryn Long, of Anderson, sang "Indiana."

A pantomime was given showing Riley's poem "an Old Sweetheart of Mine." A unique form of entertainment was that of each guest attempting to pin her name, while blindfolded, on the town from which she came, on a large map of Indiana, hanging on the wall. The Hoosier club plans several entertainments for the spring, in which the various towns from which the students come will be featured.

Fiery Itching and Burning of Skin Is a Most Cruel Torture

Sure Speedy Relief in S. S. S.

Why suffer from these persistent tortures when it is so easy and costs so little to do as thousands of others have done and get relief through S. S. S.? It is now well known that eczema comes from the blood. By giving the blood a thorough cleansing you not only get sure and speedy relief but you also build up the system and renew your vigor and vitality. This good medicine has stood

the test of 50 years as one of the greatest blood cleansers known. It is guaranteed entirely free from minerals of any kind.

The experience of others has established the unfailing merits of S. S. S., and there's no question about the wisdom of your giving it a thorough trial. All reputable druggists sell it. If in doubt as to your case write to Medical Advisor, Swift Specific Co., Dept. 54, Atlanta, Ga.

Rinehart Funeral.

Mrs. Sophia Rinehart, who died Thursday morning, was born October 11, 1869, at Hanover, Germany. At the age of 16 years she came to America with her brother, Henry Bohnenkamp, to join an older brother George, who had come to America several years before. On May 12, 1892, she was united in marriage to Christian Deppert who died on January 20, 1898. To this union two children were born, Miss Frieda Deppert, and William, who died in infancy. On December 16, 1900, she was united in marriage to James Rinehart, who died January 20, 1918. To this union three children were born, Marie, Frances, and Evelyn, who died at the age of two years.

Mrs. Rinehart was a devout member of the Woodstock Baptist church, and an active worker in Class No. 1 of the Baptist Home Department.

She is survived by one step daughter, Mrs. Albert Baker, and three daughters, Mrs. George Vierling, Miss Frieda Deppert, Miss Frances Rinehart, a grandson, and two brothers, Henry Bohnenkamp, of Indianapolis, and George Bohnenkamp, of this city.

The funeral services will be conducted Sunday afternoon at 2:30 from the Woodstock Baptist church, by Rev. F. A. Hayward, pastor of the First Baptist church. Burial in Riverview cemetery.

Notice.

The report circulated that Dodge Brothers cars have been advanced in price along with other cars is a mistake. They are still selling at the same old price, \$1,085, f. o. b. Detroit. f23dtf Pauley & Son.

CONFIRMATION OF COLBY'S APPOINTMENT IS DELAYED

Senate Foreign Relations Committee Considers Several Reasons, New Says.

By United Press

Washington, March 5—The senate foreign relations committee today again delayed action on the nomination of Bainbridge Colby as secretary of state. The committee will continue consideration of Colby's case early next week. Senator New, Indiana, one of the chief objectors to confirmation of Colby, said that in executive session "certain reasons were cited to the committee" by himself and others why Colby should not be confirmed. The committee wished to go more fully into those reasons before acting. New added.

DAMAGE SUIT CASE SET FOR TRIAL NEXT TUESDAY

Only Few Cases Disposed of in Jackson Circuit Court This Week.

The first case to be tried during the February term of the Jackson circuit court will come up for trial next Tuesday when the damage suit of Emmert S. Allen, administrator, vs. C. L. & L. Railroad Company, will be given a hearing. Two cases were set for hearing during this week but were disposed of before coming to trial.

The last two weeks of the February term promise to be the busiest as several cases have been set for trial. No court was held at Brownstown today. As yet the judge of the circuit court has given the sheriff no order to call the petit jury for the case Tuesday and it is possible that it will be tried by the court.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days. Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

SCORES OF LOCAL PEOPLE FIND TRUTONA AMAZINGLY EFFECTIVE FOR PREVENTION OF INFLUENZA

"WE STILL HAVE NO CURE FOR INFLUENZA"

Such is the Discomforting Yet Positive Information Given Out by Surgeon General Rupert Blue of the Public Health Service—Under Such Circumstances PREVENTION is the Only Alternative.

DOCTOR GIVES ALL TO SAVING OF HUMANITY

Is To Continue Good Work by Endorsing and Recommending Trutona.

Indianapolis, Ind., March 4—There is none more familiar with medicines and therefore more capable of judging of the merits of a preparation than the doctor. That is why the following statement made a few days ago by Dr. A. J. McDonald, a well known and highly respected physician here, should prove of interest to hundreds of people suffering from similar troubles. In recommending Trutona Dr. McDonald not only backs his claim with fifty years of medical practice, but he has also taken Trutona and knows from experience just what it will do.

"I know of no medicine that I could recommend to aged, weakened, run down men and women that would equal Trutona," is the tribute the doctor pays the Perfect Tonic.

"Trutona came to my attention at a time when I was nervous and generally broken in health. Overwork had caused a weakened and feeble condition of my nerves. I seemed to have given out entirely. Why, I could not raise my hand to my head before I began the use of Trutona.

"I have given this tonic a fair trial and as a result my strength has returned and my nerves are as steady as ever. I have no interest in the Trutona Medicine Company but I have given all my life to the relief of suffering humanity and I'm going to continue that policy by heartily endorsing and recommending this wonderful tonic, Trutona."

For something like eighteen months doctors, chemists and scientists have been trying to find the germ which has caused so much destruction and loss of life in this country. In the army alone, during the recent conflict, this epidemic was the cause of more casualties than all the shells and gas and horrors that the Hun could invent. As yet, as witnessed by the above, science has been unable to make any progress against this ravaging disease. Its attack is sudden, its work is rapid and the results are terrible. Even if the victim is fortunate enough to escape with his life, often times he is left in a weakened, run down condition from which it is extremely hard to recover.

Now here's where TRUTONA comes in. It has been proved in countless numbers of cases, proved by actual experiment which offers the best kind of evidence, that this Perfect Tonic is just the thing to build up a constitution broken down by influenza. From the very nature of its composition and the ingredients it contains, it is a strength giving, system purifying medicine which quickly rebuilds the patient whose vitality is at the low water mark.

Health officials tell us that if we expect to overcome this plague, to put a stop to its wide spread progress, individuals MUST take care of themselves. To say that "An ounce of prevention is worth a pound of cure" is but to quote an old, time-worn adage; but if it were ever true, if it ever had a grain of sense and meaning it certainly is doubly so today during this fight against influenza. Prepare yourself and help the community in which you live.

Take Trutona Before You Take Cold.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

SEATS FOR LEGION MINSTREL GOING FAST
House Practically Sold Out For Monday's Performance—Many Reserved for Wednesday.

The seats for the American Legion Minstrel to be given at the Majestic theatre Monday and Wednesday evenings, March 8 and 10, have been going fast today. A large line of people which extended out into the street in front of the theatre, was present when the seat sale opened at the box office this morning at 9 o'clock. The house has been practically sold out for Monday evening's performance and many seats have been reserved for Wednesday evening which practically assures two crowded houses. A few good seats can yet be secured for Monday evening.

The American Legion members are delighted with the splendid co-operation given by the public and every effort is being put forth to make the minstrel well-worth the patronage received. Linden C. Hodapp, manager of production, and his assistants, have been working untiringly, in getting the program and performers ready for the opening. Dr. E. B. Chenoweth, musical director, has been taking the chorus through rigid rehearsals of the musical numbers every evening this week and that feature of the program promises to be a grand success. In fact, the minstrel promises to be the best and funniest home talent show ever staged in Seymour and many laughs are awaiting all who attend the two performances.

Have You Given Up?

Are you one of the 85% of men over 65 years old who have given up, and are waiting for the end?

There is no reason for any man or woman to sit in a corner and give up the pleasures of life—the joy of living—the social and business activities that make life worth while.

In middle life and old age the cells of the body are not reconstructed as rapidly as in youth. The cell-salts so abundant in the rich red blood of youth are insufficient in the blood of older people. The heart action slows down, the circulation of the blood slackens, the blood lacks a sufficient supply of vitalizing oxygen and the organs of the body fail to function.

The body in youth possesses more heat than in middle life or old age. That's because there is an abundance of cell-salts in the blood when the body is young—and the blood is rich in oxygen which burns up and eliminates the waste tissues and worn out cells. In youth the quick hot blood urges to action and the body renews itself quickly.

As we grow older we slow down, sit in a sunny corner and give up. We fail to learn the lessons of life and weakly surrender to fear, worry and imaginary diseases that are merely Nature's cry for the natural cell-salts that she must have to keep the body strong and vigorous, and the life-giving oxygen that burns up the worn out cells and vitalizes the blood, making the entire body glow with health and energy.

REOLO has remarkable tonic and reconstructive qualities. It supplies to the thin, inactive, impoverished blood the natural cell salts, iron and oxygen that the body must have to keep well and renew itself.

Try the systematic REOLO Treatment for six weeks and you will be delighted with the steady improvement in your strength, energy and mental activity. The large package of 100 tablets, sufficient for two weeks' treatment only costs \$1.

SAYS RELATIONS BETWEEN MEXICO AND U. S. ARE BETTER

Mexican Ambassador Declares American People Take More Moderate Attitude.

By United Press

Washington, March 5—Relations between Mexico and the United States are better now than ever before in the history of the two countries, Mexican Ambassador Bonillas declared in an interview today. Bonillas ascribed this to two things.

"First, Mexico has practically succeeded in eliminating its banditry, and secondly, the American people have taken a more moderate attitude towards Mexico," he said. "I view the situation as having reached the point of better understanding and feeling between the peoples of the two countries."

Bonillas, mentioned as a candidate for the presidency in Mexico in the July election, will leave this week to confer with President Carranza relative to his country's relations with America.

New York Wet Bill.

By United Press

Albany, N. Y., March 5—Senator James Walker, minority leader, today introduced a bill in the state senate defining beverages containing 2.75 per cent alcohol and under as non-intoxicating. The measure would permit the sale of beer and light wines in hotels and restaurants and also be wholesale and retail dealers for home consumption. It stipulates that beverages where sold by retail dealers must not be consumed on the premises.

Don't worry about the high price of jams, jellies and preserves. Serve Karo, the Great American Sweet. Buy it by the dozen cans. An important message. Read it!

AMONG the twenty odd million American Homes there is probably not a single one where Karo is not served in some manner—for breakfast, for dinner or for supper.

During these days of high prices, Karo has become another word for economy. Thousands of thoughtful housewives have learned that *Blue Label* Karo is not only a delicious spread for pancakes, but answers every purpose where a sweet is needed.

Instead of paying the present high prices for jams, jellies and preserves—serve *Blue Label* Karo on sliced bread, toast, pancakes or waffles.

Do as the wise cooks are now doing: Use Karo to stew dried fruit, prunes; use it for candied sweet potatoes, brown bread, muffins, coffee cake and puddings.

Karo Home-made Candy is the best for children. It is wholesome, easy to make, costs much less than store candy.

Mothers give children *Blue Label* Karo and sliced bread because it satisfies Nature's craving for sweets and takes the place of candy.

IMPORTANT

There never was such a demand for *Blue Label* Karo as today. Housewives everywhere are buying it by the dozen cans. Ask your grocer the price per dozen. For economy's sake buy it this way.

E. A. NORMAN, WELL KNOWN HERE, DIES OF PNEUMONIA
Former Senator from Bartholomew County Expires at Home Near Hope.

E. A. Norman, aged seventy years, well known in this city, died Wednesday night at his home at Hope.

He assisted in organizing the Jackson County Fish & Game Club and for several years was in the employ of the Indiana fish and game commission. He was ill but a few days.

Mr. Norman was born in North Carolina and came to Indiana with

his parents when he was two years old. He was educated in the schools in Bartholomew county. He served as postmaster at Hope and was elected state senator from Bartholomew county in 1915 on the Democratic ticket. He was active in civic affairs. The widow, two sons, Rollo

of Chicago and Carl W. of Hope; one daughter, Mrs. Harry Carmichael of Hope; a brother, Ed Norman of Hope; two sisters, Mrs. Augusta Warner of Richmond and Miss Maria Norman of Hope, survive. Mrs. J. Moore of Indianapolis is a granddaughter and Charles H. Zoller of

Indianapolis a nephew.

The funeral will be held at the home Saturday afternoon at 2 o'clock. Burial will be at the Moravian Cemetery at Hope.

Frank Denny, of Freetown, transacted business in this city Thursday.

Dr. L. M. Mains, Jr., who has been confined to his home for several weeks with influenza, is greatly improved, and expects to be in his office by the first of the week.

Thurman Davis, of Kurtz, was in the city this morning on business.

DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.

Miller's Antiseptic Oil, Known as

Snake Oil

Will Positively Relieve Pain in a Few Minutes

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A new remedy used externally for Coughs, Colds, Croup, Influenza, Sore Throat, Diphtheria and Tonsillitis. This oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Manufactured by Herb Juice Medicine Co. only. Get it at the Maxon Pharmacy.
